

NITESH KUMAR MALL

Aspiring Data Analytics and Web Development

mallnitesh534@gmail.com | +91 8115085483 | Madhuban Mau, Uttar Pradesh
https://www.linkedin.com/in/nitesh-kumar-mall-41b995325

CAREER OBJECTIVE

Aspiring professional aiming to leverage a strong foundation in Data Analytics and Web Development to build data-driven, impactful software solutions. Proficient in C, Python, and web development, with a solid foundation in problem-solving and a passion for learning. Eager to contribute to innovative and real-world projects that drive meaningful outcomes.

EDUCATION

Buddha Institute of Technology Gorakhpur, India B.Tech- Information Technology Relevant Courses: Web Development, Data Analytics, C, Python	Oct 2022 - July 2026
Shubhagi Devi Inter College Madhuban Mau Intermediate - PCM Mau, Uttar Pradesh, India	July 2020 - March 2022
Shubhagi Devi Inter College Madhuban Mau High School Mau, Uttar Pradesh, India	April 2019 - Feb 2020

SKILLS SUMMARY

Languages:	Python, C, React js
Tools:	Power BI, MS Office, NumPy, tableau
Platforms:	Window, VS code, IDLE
Web Technologies:	HTML, CSS, Bootstrap, JavaScript
Soft Skills:	Leadership, Communication

EXPERIENCE

AICTE - Codec Technology (via Google for education Partner) Remote Python Programming	Sep - Nov 2024
Completed a 4-week internship with TechSaksham. Worked on Image Classification using TensorFlow framework and Keras module in Python.	
IBM Skills Build Agentic AI: From Learner to Builder - Become an AI Agent Architect (4 weeks)	
Completed a 4-week training course with IBM Skills Build Program. Developed an AI Chatbot capable of communicating with patients and detecting brain tumor possibilities based on responses.	
EISystem Technologies (Technex IIT BHU) Remote Website Development	July - Aug 2025
Completed a 6-week training course from EISystem Technologies on Web Development. Developed Campus Connect, a college campus webpage.	

PROJECTS

E-Commerce Website

- Developed a full-featured E-commerce website enabling users to browse products, add to cart, and make secure online payments.
- Implemented responsive UI using HTML/CSS/React.
- Integrated features like user authentication, product management, and order tracking to enhance user experience and operational efficiency.

Instant Health Care Solution

- Developed AI-based Web Application using React and Python for AI.
- Trained models on datasets using Computer Vision Algorithm.
- Used TensorFlow framework for training computer vision models.

Hotel Booking Cancellation Dashboard

- Created a Hotel Booking Cancellation Dashboard using Power BI/Excel.
- Analyzed hotel booking and cancellation data to find useful insights.
- Built charts and reports to track cancellation trends and customer behavior.

E-Commerce Data Visualization Dashboard

- Developed an interactive E-Commerce Data Visualization Dashboard to analyze sales performance, customer trends, and product insights using modern data analytics and visualization techniques.
- Designed responsive dashboards and visual reports to monitor sales growth, revenue trends, customer behavior, product performance, and business insights.
- Implemented user-friendly visual components and clean data representation to support business analysis and better decision-making.
- Tech Stack: Power BI, Data Visualization, Dashboard Analytics, Business Intelligence, Data Analysis.

CERTIFICATIONS

- IBM skill build - Become an AI Agent Architect
- AIIP - Certified in C, HTML, CSS, Python
- Udemy - Workplace Stress Management Strategies
- Codec Technology - Python Programming
- Buddha Institute of Technology - Tech Yuva 2025
- BIT - sports (carrom 2nd position)
- IEEE Membership Certificate

LEADERSHIP & EXTRACURRICULARS

- IEEE Volunteer in 2nd IEEE International Conference on IoT, Communication and Automation Technology (ICICAT-2024)
- IEEE Member
- IEEE Computer Society Member
- IEEE Women in Engineering Member
- Internet of Things Community member
- CMR THINKFEST 2.0 (Participation Certification)
- Captain of Long Jump & High Jump at Buddha Institute of Technology
